

LEAGUE MAY MEET IN WASHINGTON FIRST

With Wilson First President of the League—Peace Conference In Its Final Stages.

(By Associated Press)
Washington, April 29—Bulletin—A proposal is on foot to hold the first meeting of the League of Nations in Washington, this year. It is said in that case President Wilson will doubtless be asked to become first President of the League.

PEACE CONFERENCE IN ITS FINAL STAGES

(By Associated Press)
The stage is rapidly being set for the final phase of peace negotiations. Yesterday the peace conference approved the covenant of the League of Nations while today Germany's plenipotentiaries are expected to arrive at Versailles to join the members of their mission already there.

Some points in the peace treaty are yet unsettled but it is believed they will be disposed of by the week's end. The Italian situation apparently waits on the opening of the Italian parliament today when Premier Orlando is expected to lay Italy's claims to Fiume and the Dalmatian Coast before it, together with President Wilson's pronouncement.

Meanwhile a semi-official view is that Italy will not withdraw from the peace conference but merely suspend participation in other fields.

Dispatches indicate German government troops are encircling Munich. The Rumanian attacks against the soviet army in Hungary are making progress and the withdrawal of Americans from most of the front line positions in Northern Russia is ported.

Covenant of League Adopted.
The revised covenant of the League of Nations was adopted by the plenary session of the peace conference without division and without amendment. The covenant had been moved by President Wilson.

The President, in his speech explaining the revised covenant of the League of Nations, said that Sir Eric Drummond of Great Britain had been named as the first Secretary General of the League.

Regarding the composition of the executive council, the President said that Belgium, Brazil, Greece, and Spain would be represented on the Council in addition to the five great powers, until a permanent choice had been made.

REPUBLICANS TO CAUCUS ON PLAN

(By Associated Press)
Washington, April 29—Senator Lodge, floor leader, and Senator Curtis, republican whip, today sent telegrams to all republican Senators asking that public expression upon the League of Nations covenant be withheld until the republican conference decides on its attitude to be adopted. This indicates a conference will be held but it is understood no date has been fixed.

JAPS CALL ON WILSON

(By Associated Press)
Paris, April 29—Before a meeting of the Council of Three this morning President Wilson received Baron Makino, head of the Japanese mission, and Viscount Chinda, his colleague. Their conference lasted nearly an hour. Presumably the question of Kiao Chau was under discussion. The Council also heard a committee from the Belgian cabinet on the question of indemnities.

"WIRE TAPPERS" ADMITTED TO BAIL

Judge Cochran Acts On Their Application At Opening of Federal Court—Lakes' Jury Hung.

Federal Judge A. M. J. Cochran admitted to bail the three "wire tappers" who were convicted of trying to fleece a man out of \$25,000 on a "first past the post" horse racing game at Covington on the opening of Federal court here Monday. The men were William Silva, of New Port, whose bond was fixed at \$10,000; Fred Grant, of New York, bond at \$15,000 and William Connell, of New York, bond a \$10,000. It is understood that the men will be able to furnish bond, as one of them is said to have the backing of a West Virginia millionaire.

The three were sentenced to five years in jail and to pay fine of \$2,000 in federal court at Covington a few weeks ago. A man named Frank Kaiser claimed that they were trying to fleece him out of \$25,000 on a "sure-thing" racing game. The funny thing of the case is that the federal authorities "got wind" of the affair through the name of the dupe, as it was suspected that there was German plot involved in some way on account of his bearing the name Kaiser.

The three defendants were represented by prominent lawyers, of Cincinnati, Messrs. Galvin and John O'Neil. Their bail was granted on a motion for an arrest of judgment and appeal to the United States Circuit Court of Appeals at Cincinnati.

Federal court got quickly to work yesterday afternoon after the arrival of Judge Cochran and the other court officers. After panneling of the juries, the grand jury went to work at once and is mighty busy. An additional petit jury was impanelled composed of the following gentlemen: E. R. Prewitt, Montgomery county; Wilson Brandenburg, Garrard county; Andley Haggard, Clark county; Andrew Young, Jessamine county; G. M. L. Lee, Boyle county; Henley Bastin, Garrard county; Allen Dykes, Clark county; John Stoger, Montgomery county; W. O. Burke, Madison county; C. E. Dailey, Jessamine county; R. P. Gentry, Boyle county; and J. C. Crisicilis, Garrard county.

The case against Link Lakes, of Berea, charged with selling without a government license, was the first taken up by the petit jury. The jury was unable to agree Monday afternoon, but was still considering the case this morning.

Col. Brackett, of Lexington, charged with violation of the narcotic laws by selling morphine illegally, was slated for plaintiff, and Winn, of Winchester. The court heard lengthy argument on a motion in the case of N. C. Moss trustee against Jesse Smyth Monday afternoon. The arguments were by attorneys Worthington, of Maysville for plaintiff and Win, of Winchester defendant.

PRICES SMASHED

(By Associated Press)
Chicago, April 29—Bulletin—Tremendous price smashing took place today on the Chicago Board of Trade. Grain and provision holders competed on a big scale in efforts to unload and stop the losses on a declining market. The free movement of corn and hogs is largely responsible. July corn slumped 13 cents under yesterday's quotations. Pork broke \$1.30 per barrel.

PROMINENT ATTORNEYS HERE

The town is filled with a large number of prominent people over the state who came yesterday to be in attendance at Federal Court. The hotels, boarding house, and flats, are filled to their capacity, and Richmond takes on the appearance of a hustling little city. Jouett, Lexington, Thos. Slattery, U. S. District Attorney, Guy Coffman, Assistant U. S. District Attorney.

PHONE STRIKE STARTS MOB IN HOOSIER TOWN

(By Associated Press)
Linton, Ind., April 29—Martial law became effective here today as a result of trouble attending a strike of telephone operators. State troops are patrolling the streets, but there is no evidence of violence occurred since the mob, which formed late last night, dispersed early this morning. Martial law resulted from a demonstration in favor of about ten striking operators after a mass meeting last night. Governor Goodrich today ordered the authorities to secure the names of every person connected with the disturbance and turn them over to the federal officials.

WILSON APPROVES IT

(By Associated Press)
Washington, April 29—President Wilson has approved Postmaster General Burleson's recommendation that the telegraph and telephone systems be returned to their owners upon the enactment of legislation deemed necessary and that American cable lines be restored forthwith.

The President's approval was announced in a cablegram today at the White House. Secretary Burleson stated yesterday he hoped to effect a return of cables by May 10th.

LOVELY PROGRAM AT NORMAL MONDAY

One of the most delightful programs of the school year was held in the chapel of Eastern Normal Monday evening, when Miss Ruth Annette Hardin, reader, appeared for the first time before a Richmond audience. Miss Hardin presented the Grecian mythological comedy "Pygmalion and Galetia." The story itself is an interesting one, where Pygmalion, the sculptor, prays that the Gods will bring him Galetia, his masterpiece, to life. One evening when the famous sculptor is left alone in his home, his prayer is answered and the beautiful, innocent Galetia appears before him, and pleads for his love. This is impossible since he is the husband of Cynisca, who herself is a jealous woman. The story throughout holds the reader with interest. Seven characters compose the personae and Miss Hardin portrayed the entire cast with unusual ability. She has a deep contralto voice, and wins her audience with her beautiful and gracious manner.

TANKS HERE THURSDAY

Publicity Chairman E. W. Glass was notified last night that the whipped tank which saw service in the war, will arrive in Richmond Wednesday night the 30th, spend the night here and after a demonstration Friday morning will go to Irvine. Owing to the bad roads up the mountains, the tank will be brought here on a flat car, but will go overland from here to Irvine. The tanks are being sent over the country advertising the Victory Loan. Much interest is being manifested in its showing here, and a big crowd is expected to be in town Thursday morning to see the little engine which death and destruction to the despicable demon Huns.

KENTUCKY'S GAS FIELDS

Kentucky has 12 counties which form a great natural gas reserve, any one of which will support this state for years to come if the gas is properly conserved.

This statement is made by Prof. W. R. Jillson, State Geologist, in an article on the used and unused natural gas fields of Eastern Kentucky and their relation to present and future public service demands.

Prof. Jillson says that enough large gas wells have been drilled in Morgan, Lawrence, Elliott, Johnson, Magoffin, Floyd, Pike, Breathitt, Knott, Perry, Owsley, Wolfe and Knox counties to demonstrate beyond doubt justifiableness of the claims of these counties to widespread recognition as a great untapped commercial natural gas reserve.

Figures compiled by Prof. Jillson on the value of the production of natural gas in this state show that in 1889 the production was worth \$2,580, while in 1917 the value had increased to \$752,635.

Gilbert, against State Auditor Green to compel him to apportion to the school fund 18 cents on the dollars of \$928,624.25 of inheritance taxes paid into the State Treasury since last June.

About \$700,000. of this is from the Bingham estate. The Auditor on the advice of Attorney General Morris has questioned the right of the school fund to participate in inheritance taxes. Judge Rutledge, of Louisville will represent Supt. Gilbert.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

No Medicine-Chest Without Its Family Laxative

From the baby to the grandparent a good laxative is the necessary medicine in the little ill. It wards off serious sickness and saves doctor's bills. Many a cold has been prevented from running into gripe and pneumonia by its timely use.

Many a racing headache has been quickly dispelled by it. And it is a laxative rather than a drastic cathartic or purgative that should be in every family medicine-chest, for a laxative can be used at all ages.

Thousands of good American families have for more than a quarter century used a combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is a laxative- tonic that acts on the bowels and stomach. Infants take it with perfect safety, and it is equally effective for grownups.

Grandparents are now seeing their children give it to their babies. It is excellent for all the family in constipation no matter how chronic, indigestion, wind colic, biliousness, headaches, dyspepsia and similar ills.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes, 50c and \$1.00.

50 PAIR OF HANDS SUPPLY YOUR COAL

Before your hands put a lump of coal into your furnace, 50 pair of hands have supplied it. And every precious lump was untold ages in Nature's making.

Think of the miner who picks coal from the bowels of earth.

Think of the men who lift it to the surface of the earth.

Think of the brakemen—the switchmen—the railroad men, who must guard it and transport it to you.

Think of the labor—the time—the effort that must be spent on every ton of coal produced.

And now think, you are keeping 50 pair of hands idle—50 human bodies out of work—when you postpone purchase of the coal you know you must have.

The shrewd, farsighted domestic buyer is contracting for his coal with responsible parties—NOW.
